

# Where is it located?

The Macedonia Heights, as we call it, is situated in Brgy. Mataas na Burol, Silang, Cavite (near Silang-Tagaytay boundary), just a few minutes drive from Olivarez Plaza and City Market in Tagaytay City. The climate is exactly similar to that of Tagaytay, characterized by relatively low temperature, low humidity and abundant rainfall. The climate is cool and invigorating with an average temperature of 22.7 degrees centigrade. Its topography of grasslands and gentle slopes also make up a calm and refreshing scene, perfect for those who are seeking respite from the pressures of the metropolis.

Approximately 55 kilometers south of Manila, one may choose to take either the Coastal Road (via Bacoor-Imus-Dasmaringas) or the SLEX (via Sta. Rosa exit-Tagaytay Road) to get there.
